

### Secretary Group to Continue Scholarships

The South Bay Chapter of the National Secretaries Association will continue its policy of awarding scholarships to outstanding local woman students in secretarial science, according to an announcement today by chapter president Irma Jean Brady.

Future winners may, if they wish, reimburse the association fund after graduation and employment, Mrs. Brady said.

The decision to continue the awarding of scholarships on the basis of ability, character, and personality was made at the most recent meeting of the association.

Guest speakers were Harold Frenz, manager of the Torrance Branch of the Bank of America, and Hope M. Powell, chairman of the division of business at Harbor College.

### 'Disaster' Topic at Halldale PTA

Lee Hansen of the Civil Defense Board of Education spoke on the disaster preparedness program in the Los Angeles schools, recently, before a meeting of the Halldale PTA.

Hansen said that the program was designed to combat fire, earthquakes and caused disaster. He added that students were required to participate in regularly scheduled drills covering such emergencies during school hours.

Following the speaker, Amanda Wilhelm, principal, announced that the Christmas program would be held in the auditorium Dec. 15.

### Today's Sunken Tubs Exceed Ancient Rome's

Today's woman may think her sunken tile bath is the latest thing in bathroom fashions.

Citizens of ancient Greece and Rome loved to loll in these masterpieces of the tile craftsman at a time when the giant redwood trees of California were still seeds — and did so at every opportunity.

Many women used milk for their bath water, thinking this added to their beauty. The only difference between now and then is that there are more sunken tile baths today.

A Dramatic Advance in **EYE SAFETY** for Workers

Eye damage from shattering glass is a hazard for thousands of shop workers and others who require vision correction on the job. But now a dramatic advance in eye safety has been made by the development of a crystal clear, UNBREAKABLE plastic that can be made in nearly any kind of prescription for eyeglasses, including bifocals. This remarkable new plastic is less than half as heavy as glass lenses, and it thus combines approved vision correction, safety and comfort.

**WORKERS IN EYE HAZARDOUS TRADES** and parents of rough and tumble youngsters should investigate the possibilities of these new plastic lenses. Not expensive; easy terms. Come in for a demonstration.
